# FALCON® Headlight Lens Restorer & Coating Kit

## Directions for Use

### Step 1

#### FALCON® Headlight Lens Restorer

- 1) **Shake well before use.** Apply direct onto the lens surface and follow cleaning with attached heavy scrubber white pad rubbing in a circular motions.
- 2) Rinse with water to clean not later than 20 minutes.
- 3) Extremely yellowing or hazed lenses may require repeat application.

※ Go to Step 2

### Step 2

#### FALCON® Headlight Lens Coating

- 1) **Shake well** and spray direct onto the lens after Step 1.
- 2) Follow cleaning with **FALCON® High-Density Microfiber Towel** to gently buff to glossy shine.
- 3) Let dry thoroughly before driving.

Try other **FALCON®** Brand Professional Car Detailing products for the best results.

**Caution:** Wear gloves before use. Keep in cool place and protect from light. Not to swallow. Accidental contact with eyes and drink, rinse with plenty of water immediately and seek medical advice. Keep out of reach of children.
